

Creative Photography

Nicole Mordecai, Instructor

Supplies:

If you're using an iPhone camera

- Fully charged iPhone (long exposure photography uses up the battery quickly)
- iPhone power cord
- iPhone tripod
- Earbuds that came with iPhone (to use as a remote shutter release)
- Slow Shutter Cam app (\$1.99) – please install ahead of time
- Average Camera Pro app (\$.99) – please install ahead of time

If you're using a DSLR or Mirrorless camera:

- Fully charged camera battery
- Extra camera battery
- Tripod
- Remote shutter release
- Macro lens (optional)
- Camera manual if you're not familiar with using your camera in manual mode
